

Leadership & Management Apprenticeships

As many businesses will be aware, the Apprenticeship Levy came into effect in April 2017. The Levy is a new tax on businesses with an annual wage bill of £3m or over. These organisations will pay 0.5% through the PAYE system which is deposited into a Levy Account. The fund can then be accessed to support the delivery of Apprenticeship training by an approved training provider.

Palladium Training, in partnership with the Educ8 Group, are proud to be one such provider who specialise in delivering Leadership and Management Apprenticeships which meet Management Wales Apprenticeship Framework. Framework Diplomas are national awards based on competence, achieved through experiential learning and assessment in the workplace. They are highly regarded by employers as they transfer the knowledge, experience and skills required to perform as a manager in the workplace.

We believe that the revised Management Wales Apprenticeship Framework provides exciting opportunities in blending technical and experiential training that will nurture and develop existing team leaders and managers, enabling them to gain a professional qualification whilst progressing their career within your organisation. Our proposition is based on working closely with employers to deliver programmes specifically tailored to your training and development needs, embracing the flexibility of approach offered by the new Apprenticeship Framework.

There are two levels of Apprenticeship covering core units focused on the fundamental role responsibilities at the undertaken level and specific elective units which will allow organisations to tailor the learning and development to focus on key industry and business challenges.

Management Apprenticeship (Level 3)

Designed for the first line manager with operational, project responsibilities and/or responsibility for managing a team to deliver a clearly defined outcome. They provide direction, coaching and support to ensure the achievement of set objectives. Working in the private, public and third sector and in all sizes of organisation, specific responsibilities will vary, but the knowledge, skills and behaviours needed will be the same whatever the role.

Some of the roles or occupations that this qualification will support are: Supervisor, Team Leader, Project Officer, Foreperson and Shift Manager. Key responsibilities at this level are likely to include supporting, managing and developing team members, managing tasks/projects and monitoring workloads and resources, delivering operational plans, resolving problems, and building relationships internally and externally.

The Apprenticeship includes interactive workshops, work-based learning, one to one coaching and professional development, and is based upon the published Apprenticeship Framework. It is delivered over a 12 month period. Please refer to the detailed programme overview for further information on content and structure.

Higher Apprenticeship in Management & Leadership (Level 5)

Designed for the Operations/Departmental Manager who manages teams and/or projects, and achieves operational or departmental objectives, as part of the organisations strategy. They are accountable to a more senior manager or business owner. Working in the private, public and third sector and in all sizes of organisation, specific responsibilities will vary, but the knowledge, skills and behaviours needed will be the same whatever the role.

Key responsibilities at this level are likely to include creating and delivering operational plans, managing change and improvement projects, leading and developing teams, financial and resource management, coaching and mentoring. Roles may include: Operations Manager, Regional Manager, Divisional Manager, Department Manager, Site Manager, Programme Manager as well as other specialist managers.

The Apprenticeship includes interactive workshops, work-based learning, one to one coaching and professional development and is based upon the published Apprenticeship Framework. It is delivered over a 15 to 18 month period. Please refer to the detailed programme overview for further information on content and structure.

The How

Pre-programme one to one assessment

Induction/Launch Event

Pre-programme Preparation

Including Colour Spectrum Profile and Self & 360 Competency Assessment

Full Day Workshops

Management Apprenticeship (Level 3) Programme - 5 Workshops
