- Identify the characteristics of high performance teams.
- Reflect upon two modern leadership models and recognise the different management styles associated with developing a high performance team.

Workshop 3 - Adapting Management Styles

- Recognise your preferred management style and the need to adapt to manage different situations.
- Practice effective communication skills to reduce mis-understandings.
- Implement a problem solving technique to generate new ideas and/or improvements with and through colleagues and staff.

Workshop 4 - Enhancing Performance through Coaching & Delegation

Workshop 4 examines one of the keys to effective management, achieving success with and through others. To achieve this we must gain a balance between coaching and learning to let go and trust. Coaching is the process of helping individuals maximise their potential to the benefit of themselves, the team and the organisation. The key objectives for the workshop are:

- Reflect upon the skills and behaviours associated with the 'Supporting' style of Situational Leadership.
- Apply a five step delegation technique to gain willing co-operation.
- Practice basic coaching skills to enhance the performance of team members and colleagues.

Workshop 5 - Holding People Accountable

The aim of this workshop is to develop our self awareness, communication and interpersonal skills in managing performance, holding people accountable and dealing with potential conflict. The key objectives for the workshop are:

- Implement performance management tools and techniques to enhance the performance of individuals and the team.
- Recognise personal style in dealing with conflict and/or confrontation and reflect on a range of strategies.
- Apply a correction action technique to hold people accountable.

Individuals Unit certification is provided allowing delegates to pace their learning and development over a time-scale to manage personal commitments and work pressures. Unit cohorts are also inter-changeable allowing a degree of flexibility in scheduling workshops and time to complete the qualification.

Delegates may upgrade their qualification from an Award to a Certificate within a 3 year period of registration by gaining additional credits to minimum value of 13.
